THS WINS BRONZE SHIELD AT MELBOURNE BANDS FESTIVAL 2009

In the early hours of Sunday 16th August, some very dedicated music students performed in the Melbourne Bands Festival at Monash University.

Our two pieces, “Walkabout” and “El Espiritu De Valencia”, were performed very well and the adjudicator’s comments were very positive. Dean Iovenitti (8F) represented THS at the Award Ceremony Concert, and was presented with a Bronze Shield. The Shield was well deserved and a fantastic achievement to all those involved.

Special thanks go to Sean Nihil and Nick Dean for conducting the ensemble, as well as to the students for doing such a wonderful job! Everyone learnt a lot, and are all looking forward to next year’s competition.

Kyle Schutz  Head of Music Department

PRINCIPAL’S REPORT STUDENT LEADERSHIP

Last week twenty-four year 11 students, who were shortlisted for school captain positions, were involved in a leadership training program. During the program students were given the opportunity to:

- reflect on and discuss leadership qualities
- facilitate and participate in group discussion
- demonstrate the ability to help others reach consensus
- communicate effectively with a range of students.

Melbourne Bands Festival 2009: Owen J. (8F), Dean I. (8F), Damien B. (8F), Samantha T. (8A) and Stuart H. (8F) in front of the, soon to be completed, straw bale studio with the Yamaha Bronze Shield Award for 2009
Students viewed the “Nak video” as a way of identifying leadership qualities illustrated by Thornbury High’s campaign to keep Nak in the country.

In small groups (facilitated by year 11), year 9 students were invited to present their views about issues to do with classroom behaviour and safety.

Year 7 students also provided their views about what they wanted from their school captains.

The final activity focused on the immediate actions necessary for the new school captain’s team in the first term of 2010.

I was very impressed by the depth of knowledge and the level of understanding that the year 11 students demonstrated throughout the program.

Ms Farmakis and Ms Anagnostopoulos, as well as former school captains Anita Samardzija and Rein Kivivali, and current captains Stella Foster and Dylan Elliot, assisted with many of the activities.

At the end of the program, students were asked to rewrite their 100 word essays (which they submitted beforehand) about why they wanted to be captains. The school captain’s team for 2010 will be announced before the end of term 3.

PARENT/TEACHER INTERVIEWS

Due to the amazing success of our Year 8 soccer boys making it into the State Finals and Year 9/10 Sports Day, we have decided to change the Parent/Teacher interviews from Thursday 17/9/09 to Wednesday 16/9/09. Students will bring appointment sheets home shortly.

SCHOOL COUNCIL

As a result of the change of date for Parent/Teacher interviews, the School Council meeting will be held on Thursday 17th of September.

TRAFFIC/GATE TRAIL FOR TERM 4

Due to the increase volume of traffic in the back car park and the increase in student numbers for 2010, we have decided to trial new entry and exits from Matisi Street.

Once signage is in place the following will occur:
- ENTRY will be from the double gate opposite the Furlan Club. Cars will then drive alongside the oval, enter the car park and follow the arrows.
- EXIT will be from the existing double gates only.

The route will be well sign-posted and it will be good to trial this idea prior to the arrival of our new Year 7s.

Meredith Stephenson  Assistant Principal

PARENT/TEACHER INTERVIEWS

Parents/guardians are reminded that the mid-year Parent/Teacher interviews are on Wednesday 16th September. Parents are encouraged to make interview times with their child’s teachers. There are no scheduled classes on this day, but students are expected to accompany their parents to interviews.

The mid-year report will be mailed home on Thursday 10th September. If you have any concerns, please ring the school on 94804066.

**BOOK WEEK 2009**
The theme this year was Book Safari, which explains why we had a lion and safari guide on staff this week. Our annual Cosplay celebrations were a great success, with staff and students dressing up as Lord of the Rings and Twilight characters, Super-heroes, manga characters, and even a Snow White. Also making an appearance was our own Totoro, a Japanese forest giant who makes trees grow.

Many thanks to the publishers that supported us by donating some great book prizes: Penguin, Rondom House, Allen & Unwin, and Macmillan.

**BETWEEN THE LINES YOUNG ADULT FOCUS GROUP**
On the morning of Friday 7th August, a group of year 9/10 students, (Jasmine, Katerina, Madeleine, Natasha, Nu, Hayley, Sing-Kik and Ben) set off with Ms Anagnostopoulos in a maxi cab to Penguin book publishers in Camberwell where we were to take part in a discussion group about books and their covers.

We entered Penguin Books and sat in the conference room with students from other schools.

We were introduced to Tony Palmer, a senior designer at Penguin. He told us about the steps that go into designing a book cover and how many different people he has to satisfy. He starts off with at least fifty drafts of one book cover and they are usually all rejected, mind you, these are impressive looking covers. After the marketers, publishers, editors and author share their thoughts and doubts on book covers, he makes more drafts until they find the right one. This whole process can take at least six months.

Then a one time editor-turned-writer-turned-publisher spoke to us about cover designs and what really makes a good book cover. She showed us examples of various book covers gave us the story line and we had to discuss and help choose the sort of cover that would appeal to people our own age.

After an excellent lunch we listened to a talk by author Gabrielle Williams, who discussed her recently released second novel, ‘Beatle Meets Destiny’. No, it’s not about the final days of George or John’s life; it is a teen novel covering all kinds of genres. She explained it was a fun book which she had lots of fun writing over the last six years. Yes, six years! She used horoscopes from the newspaper to develop her characters; it seemed a bit shocking at first, but then, why not?

Overall, it was a great inspiring day topped off with a few free Penguin books for each of us, including a signed and personally inscribed first edition ‘Beatle Meets Destiny’.

**TUTORS FOR INDIGENOUS STUDENTS**
The Wannik Senior Tutorial Assistance (WSTA) which is provided as extra funds for Indigenous students in Year 9, 10, 11 and 12 has been in operation since the beginning of term 3. In consultation with Year level coordinators, teachers and students, tutoring is taking place either within class or students may be withdrawn from class to undertake work with their tutors. Indigenous students may receive up to a maximum of 2 hours tuition per subject per week (maximum 4 hours in total). If any parents have any questions regarding the tutoring their son/daughter receives, please contact Ali Burns – Literacy and numeracy support teacher for indigenous students: 9480 4066.

Ongoing literacy and numeracy support is being implemented for Year 7 – 8 indigenous students. Students may receive tutoring in their Maths or English class or they may be withdrawn to receive support from their tutor in a small group setting.
ABORIGINAL FILM MAKER – RICHARD FRANKLAND WORKSHOP WITH INDIGENOUS STUDENTS
On 13th August Richard J Frankland visited Thornbury High School and performed a workshop on Art and Film making with the indigenous students from Year 7 - 11.

“When you have ART
You have a VOICE
When you have a VOICE
You have FREEDOM
When you have FREEDOM
You have RESPONSIBILITY”

Richard Frankland

Students learnt about the history of indigenous Film and the importance of indigenous people recounting “our stories through our eyes.” As a film maker and artist, Richard noted that “in the back of his head and ringing in his spirit was the need to tell your mob’s story, both good and bad.” Richard explained it was the storyteller’s job to tell indigenous people’s stories in an honest way. There is a cultural bias, so telling “our story through our eyes” was important. Aboriginal culture is 50,000 years old and Richard impressed upon the students to be proud of their grandfathers’ and grandmothers’ culture and to be proud of who they are themselves.

Through examples of film-making and interviewing techniques Richard demonstrated how the camera was a “weapon” and that a film maker can change the world.

STUDENT WELLBEING REPORT
Term 3 has been quite a busy term from the student wellbeing point of view. Every Year 8 class has been participating in a personal development program presented by the School Nurse, Emily Graham, and the Youth Worker Jo Apostolopoulos. Parents of Year 8 students are invited to ask their child what sort of activities their child was involved in and what they learnt from these sessions. The Year 8 girls group has had some fun sessions to address self-esteem and other issues and these will continue in term 4.

On Monday 10th August, all Year 7/8 students attended a performance from Class Act. The girls and boys were divided into two different groups and each performance addressed specific issues. The feedback from this from both students and staff was excellent. There were lots of questions asked by students regarding bullying, sex and sexually transmitted infections, healthy relationships and so on. Again, ask your child to find out more about what was asked and what they thought of this performance. We encourage dialogue with parents and any feedback from parents is encouraged.

On Thursday 10th September all Year 9 students will participate in the annual Party Safe Day. Various speakers will address the issue of safety at parties and in general and there will be some fun activities. As usual, all Year 9 students will be required to pay $2 to help subsidise this day and make it a success.

On Thursday the 17th August a select number of students from Year 10 and Year 11 attended a unique program at the Alfred Hospital called P.A.R.T.Y, which stands for Prevent Alcohol and Risk Related Trauma in Youth. It is a program for which there is a very long waiting list and we were fortunate to experience this program. Students were presented with talks from trauma doctors, nurses, occupational therapists, physiotherapists and other professionals as well as patients.

One of the patients was in a coma in the intensive care unit as a result of one blow to the head at a party. Students were given a very emotional talk from his parents who, to the best of their ability, explained how this traumatic event has affected their family and friends. They are there waiting for him to recover. In their talk to students, the doctors and nurses said we will try our best to get their patients better BUT they will never be the same as they were as the damage has been done. They would much rather see our students return to the hospital as professionals rather than on a slab in the trauma unit. This excursion was an eye opener for the students and for myself as well. Till next time take care.

SCIENCE NEWS
GEOLOGY SHORT FILM COMPETITION:

promoting the study of geology.
After our success last year we were invited to take part in this national competition. At very short notice we were able to complete two entries: “Natural Disasters” with 7F, and “Geological History” by 8E Science. Harish in Year 7 gets a special mention because he produced his own short animation on volcanoes in only two days.

8E IMAX EXCURSION
Last week 8E Science went to Imax. When we got there we went down stairs which took a long time because Mr Bason could not find it. The first movie was about the human body and some of the nine months a woman has to go through to have a baby, and how the baby develops. After the movie we went to the Melbourne Gallery in the museum, and saw what Melbourne used to look like. Soon after we went to the second movie which was in 3D (we had to wear these nerdy glasses). The movie was about a bug
called alpealia. Yes it is a funny name but it showed the journey through her life as a caterpillar to a butterfly. In 3D it was like being in a real rainforest.

NATIONAL SCIENCE WEEK
On 14th August, we went to "National Science Week". The first performance was a guy named Chris who, actually, did an experiment where he put flammable liquid into a large water bottle, then he emptied the bottle and put a spark to the side and there was a loud explosion.

After that a guy called Simon was introduced and his performances was all about Math and the "Super Mega Math battle for Planet Earth", against Calcutron from the planet Calculus, then Penny Tangey [pictured below] spoke about her book "Loving Richard Feynman", which is about a girl who writes to a dead Physicist.
